

## Images in Africa Safaris Refund Policy

If you must cancel your reservation, Images in Africa Safaris will assess a cancellation charge to cover loss of nonrefundable advance payments we have made on your behalf to ground operators and government agencies, communication expenses, and the loss of time that may permit resale of your space. Exceptions to our cancellation policy cannot be made for any reason, including weather, terrorism, civil unrest, or personal emergencies. There is no refund for arriving late or leaving a trip early. No refunds will be given for unused hotel rooms, meals, or sightseeing trips for any reason whatsoever. Percentage charges are calculated on total trip cost. The following cancellation charges will apply:

All deposits are fully refundable up to 90 days from the date of the reservation, unless the reservation is made within 6 months of the safari commencement date. If the reservation is made less than 6 months of the safari commencement date, then the following refund policy will apply: After 90 days from the date of the reservation, 50% of the deposit is refundable up to 6 months prior to the safari commencement date. Within 6 months of the safari commencement date, and up to 90 days prior the safari commencement date, 100% of the deposit is forfeited but all other funds are refundable. There are no refunds for no shows or cancellations made within 90 days of the safari commencement date.

We recommend obtaining trip cancellation/ interruption and baggage loss insurance which is available from Images in Africa Safaris as well as various other providers. This coverage may offset cancellation charges in the event of illness before or during the trip and/or if you need to cancel for work reasons depending on the coverage provided by the plan.
